(1998) Implementation of the State Children's Health Insurance Program Title XXI At <http://www.nga.org/MCH/ImplementationMatrix.pdf>; National Association of State Medicaid Directors. (1998) Detailed, state-by-state descriptions of CHIP plans At <http://medicaid.apwa.org/chippage.htm>; Families U.S.A. (1998) Premiums and cost-sharing proposed by States under Title XXI, the new Children's Health Insurance Program At <http://www.familiesusa.org/premium.htm>; Riley, T., and Pernice, C. (1998) How are States implementing Children's Health Insurance Plans? Portland, ME: National Academy for State Health Policy; CHPR telephone conversations with State officials, September-October 1998.
  2. Uses the GWU Health Plan's Standard HMO Option as an example of employer coverage to illustrate the type of cost-sharing that could be required under such coverage. This policy includes a \$35 per family deductible for pharmaceutical services and an annual cost-sharing cap, which varies by region and excludes durable medical equipment and substance abuse inpatient expenses (however, for the purpose of this exercise, expenditures for premiums and cost-sharing for services covered under the plan are counted toward the cumulative maximum, which is capped at five percent of income).
  3. Assumes the use of prescription drugs on approved list (a coinsurance rate of 50 percent of allowed amount applies to unapproved drugs).
  4. Assumes the use of generic prescription drugs (brand names are \$3 in Alabama and \$5 in Colorado).
